# MONROE PIZZA & PINTS

YOUR HOMETOWN SPOT FOR FOOD AND BEER

Did you know that the team at MPP prepares dough, marinara, salad fixings and dressings, wing sauces, and vegetables fresh for you every day? Here's what you get when you choose to eat and drink at Monroe Pizza & Pints.

MPP marinara is created from our family recipe and is made from scratch daily. We like to keep our sauce sugar-free so it tastes better and is healthier for you. Using just four ingredients, we offer an authentic Italian gravy that complements our pizzas, calzones, stromboli, and pastas.

Our chicken breast is prepared by our friends at Lloyd's BBQ and our steak is cooked especially for us by the chefs at The Amarillo. Both eateries are located right here in Monroe and we love the meals we create together!

La Nova is the OG wing company out of Buffalo, New York and we proudly serve their gluten-free wings and boneless wings at MPP! We bake, then toss them in one of our 15 wing sauces before serving with a side of celery plus ranch or blue cheese. On Wednesdays we celebrate wings and beer with Wing Wednesday deals so stop in to see what's cooking!

Our dough is made from scratch in-house using our unique dough recipe. We hand-stretch and slap our skins for every order and most of our pizzas are served on a hand-tossed crust. We also make a great thin skin so let your server know if you prefer a thin crust. Even though our house dough is not dairy free, we do offer a vegan/gluten free skin as well as a low-carb cauliflower vegan/gluten free skin. They are very popular with our low-carb, gluten, or vegan guests!

When it comes to cheese, Grande is the best on the market and we are very proud to be part of the Grande Cheese restaurant family. Made with natural ingredients and packaged with no anti-caking agents, chemical preservatives, or additives, Grande mozzarella and ricotta cheeses are creamy, full-flavored, and unrivaled in taste and quality. We also offer a vegan cheese topping, just ask your server!
